## Summary

🌟 Elevating Digital Excellence ✨ | Frontend Expert 🇳🇬 | UX Specialist 🎨  
Hello and welcome! I'm Joseph, a seasoned professional in the expansive realm of frontend development, backed by over 2 years of hands-on experience. My mission is nothing short of noble: to transform pixels into seamless magic, transcending the ordinary and meticulously crafting digital experiences that captivate the hearts and minds of users.

## Work Experience

### Frontend Developer, React Native Labs - Lagos Nigeria

September 2022 - till date

- I deliver bespoke solutions, crafting cost-effective and premium-quality React websites to meet the unique needs of my clients
- I deliver comprehensive maintenance services to guarantee the sustained peak performance of React websites

### Frontend Developer Intern, HNG. - Lagos Nigeria

September 2023 - October 2023

- I worked on apps such as movie apps and galleries containing feature such as drag and drop to re-arrange

### Frontend Developer Intern, HNG. - Lagos Nigeria

September 2022 - October 2022

- I worked on website such as Metabnb, linktree
- Team Task
- As a key team member, I actively participated in the development of a state-of-the-art DevOps notepad application, contributing to the collaborative efforts that aimed to enhance efficiency in modern development and operations workflows

### Frontend Developer Intern, Zuri. - i4G. - Lagos Nigeria Finalist

May 2022 - August 2022

- I worked on small static website like mydomain, Table, Flex grid task
- I played a pivotal role in the development of small-scale static websites, incorporating minimal JavaScript for functionalities such as form validation, calculators, and personalized name printing. As the culmination of this experience, I successfully replicated and delivered a polished final version of the assigned website.
